

A DIALOGUE IN PICTURES

IMPORTANT TIPS:

What is a successful Soularium conversation anyway? A conversation is successful if you do these four things:

- Ask (open-ended) questions and explore the other person's life story
- Genuinely listen
- Make connections between stories (yours, your friend's, & God's)
- Follow the leading of the Holy Spirit

Soularium is designed to help us sincerely **explore and understand** another person's story. It's meant to be a CoJourney experience. "Co" meaning with. "Journey" referring to a journey. It means to journey with someone. And that's what we want to do.

Many people will want to continue the conversation. Assume they're interested!

So before a conversation is over, say something like:

"I really enjoyed our conversation and I'd love to talk more. Can I get your email or phone number?"

Then write down your information on one of these flyers and give it to your friend.

(Be sure to follow up with those who said they want to talk more!)
